# STROBE LIGHT

## **Powerful LED Strobe**

With the Light-Inc Strobe-Light, a cutting-edge LED strobe that will energize your events and performances, unleash the power of light. Astonishing brightness and efficiency are provided by the 720\*0.5 watt white LEDs in this strobe, while mind-blowing strobe effects are provided by the 4-segment control. Easily organize your lighting show using 5-channel DMX control, and use automatic programs for smooth segment control.
